Bharathi Communications established in the year 2003 aiming in the newest business of fiber optic and networking technology. As we were in this field from last 15 years and worked as technical expertise in various organizations. The laser technology is quite interesting us to choose the career in this. We have started our career with customer service motto and we feel its continuous process but not one time. We have achieved this only by using world trusted equipments. Hence we always go for well proven brands of Indian and international.

Bharathi Communications (Bharathicom), The Indian trusted and proven OFC service provider for Indian defense, leading public & private sectors. We can proudly say that we have our signature in Indian telecom service industry, by performing our valued services to them. We also performed services in critical security zones in defense sector as we never lost their trust on us. We never look for turnover we look for our satisfaction in serving the organizations. As our committed exellency in servies to our clients we are spreading to new areas and clients. We performs services in the field of C.C.T.V ,Surveillance and Cathodic protection technologies also. We are the registered vendor for most of the prestigious organizations.

OUR VISI'®N

To be the leader in present market and pioneer for the latest and the newest technologies

OUR S RENGTH

We have a team of experienced Engineers / technicians and manpower who are dedicated to give real time service to the customer and to achieve significant benefits from their investment in latest industrial environment We believe in 'service before profit'.

We use world class OFC equipment which are always available with full equipped vehicles to work anywhere and in all weather conditions. We are always update our team for newest technologies in this field and help the customers to update their systems and resources for getting good results.
